

# The Earl of Athlone's Greetings

PRINCESS ALICE and I were eagerly looking forward to celebrate the occasion of their Jubilee with the people of Southern Rhodesia. Unfortunately, owing to the war, the celebrations have had to be considerably curtailed and now, owing to our departure for Canada, we shall have to postpone for some years the visit we had hoped to pay to your Country.

We congratulate Southern Rhodesia on the magnificent contribution she is making to the Fighting Forces of His Majesty The King.

Long may Southern Rhodesia continue to flourish!

*Athlone.*
